

Credit Expo Netherlands 2023

INFORMATION FOR EVENT PARTNERS

THEME: SUSTAINABILITY

The largest event for the dutch credit management community

Credit Expo is an annual event for the Dutch credit management community. Credit Expo brings supply and demand in the field of Credit Management together in one day through a high quality program in combination with a trade show where innovative service providers present the latest trends and developments within the sector. Credit Expo offers visitors a complete overview of the Dutch market for Credit Management and related products and services. The seventeenth edition will take place on Tuesday, 7 November 2023 in 1931 Congress Centre in 's-Hertogenbosch. The theme of the event is "High Performance". Are you active in the credit & collection sector and would you like to come into contact with a large number of prospects and customers in one day? Then this event is the perfect opportunity to showcase your products and/or services to the market.

Trade fair

At Credit Expo leading companies present their latest and innovative products and services in the field of cash, credit risk, billing and collections management.

The following segments are represented:

- Credit management software
- E-Invoicing software
- Payment Service Providers
- Credit insurance companies
- Collection agencies and bailiffs' offices
- Credit information and commercial data service providers (B2B, B2C)
- Financial training and education
- Factoring
- Consulting
- Outsourcing

Presentations

As a Platinum and Gold partner you are entitled to give one presentation of 30 minutes. Giving a presentation is an excellent method of establishing personal contact with a large number of prospects in a short period of time.

It is best to choose a specific subject related to the central theme of the event (Sustainability), that also shows the added value of your products and/or services.

We also advise you to invite your business relations to attend your presentation. Credit Expo will offer support to promote your presentation, which will further increase your exposure. In addition, we provide a fully equipped presentation room with modern AV equipment.

Roundtable sessions

A round table session is an interactive 60-minute conversation between a selected group of credit professionals who are invited personally on the basis of a wish list decided after consultation. The dialogue is in a closed session, hosted by a moderator who is familiar with the content and objectives, as discussed in advance with you. A round table session is a perfect instrument for entering into a direct dialogue with your target audience on relevant topics. To guarantee effective interaction, the group size is limited to a maximum of 16 people.

Expert sessions

At an expert session, relevant trends and developments are discussed during 30 minutes by leading industry experts. Typical topics could be changes to national and EU laws and regulations, technological innovations or notable research results. Expert sessions are organised in cooperation with knowledge partners including the Dutch Credit Management Association: VVCM. The expert sessions generate increased visitor traffic.

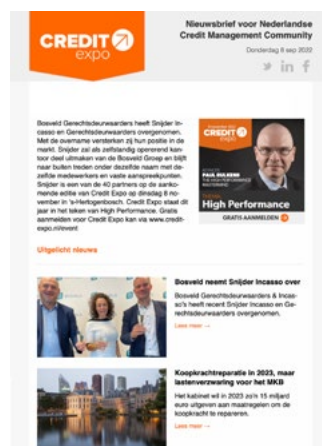

VVCM Credit Management Innovation Award 2023

Will your company win the VVCM Credit Management Innovation Award 2023? The VVCM Credit Management Innovation Award is intended for organisations that have successfully developed a new product or service that has led to a verifiable positive breakthrough in the way credit management is applied. During Credit Expo 2023 the Award will be presented for the eleventh time. You can register your company via the website of the VVCM: verenigingvoorcreditmanagement.nl

Creditexpo.nl newsletter

Credit Expo sends out a newsletter on a regular basis to 6,500 credit management professionals. During 2023 Credit Expo participants can post two news articles or press releases free of charge on our online platform and weekly newsletter. Advertorials are also possible, based for example on an interview with a member of your management team or one of your customers. Newsletter topics are regularly forwarded to our social media networks including Twitter (2,000 followers) and LinkedIn (8,500 group members).

Theme: High Performance

Sustainability is the central theme of Credit Expo 2023, the annual knowledge and networking event for the Dutch Credit Management Community. In credit management sustainability stands for continuity in terms of processes, people (relationships) and systems. This also includes topics such as customer focus, customer loyalty, flexibility and long-term value creation. Not only for the customer, but also for its own organisation. Value thinking takes a central place in this theme. This could include topics such as how to make the order-to-cash process more customer-oriented and flexible, but also developing policies to serve customers in difficult financial times. Sustainability requires a clear vision on the market, customers, its own internal organisation and society as a whole. A sustainable organisation looks at results in the broad sense of the word, where success does not only depend on getting paid (on time). During Credit Expo 2023, we will discuss the characteristics of sustainable organisations and how you as a Credit Manager can make a significant contribution to incorporate sustainability into the business model and/or how to enhance it further.

Uniform stand construction

Credit Expo offers uniform stands in dimensions 18 m², 9 m² and 6 m². Stands are supplied on a turnkey basis complete with furniture, lighting and electricity. At your own cost, you can discuss adaptations directly with the stand builder in line with your specific requirements. It is also possible to design your own stand and therefore not use the uniform stand construction. Details of the stand construction and related logistics are described in the handbook that will be issued to all exhibitors in the last week of September.

Admission policy

Credit Expo can only be visited free of charge for professionals who are involved as policymakers, purchasers or end users concerning application of credit and cash management solutions for their own organisation. Persons working for or on behalf of a supplier, intermediary or consultancy for credit managers are not part of the target group and therefore do not have free admission. Every exhibitor will receive an unlimited number of registration codes to distribute among prospects and/or relations belonging to the target group as they see fit.

Venue

Credit Expo 2023 will be held at 1931 Congress Centre 's-Hertogenbosch, one of the most unique locations in the Netherlands. 1931 is located on the edge of the historical centre and central to the major cities in the Netherlands. From Amsterdam and Rotterdam it will take you less than one hour to get there. Moreover, there are more than enough (4,000) parking spaces. Also, 1931 is easily accessible by public transport.

1931 Congress Center 's-Hertogenbosch

Oude Engelseweg 1
5222 AA 's-Hertogenbosch
